

Summer Make-up Artistry Workshops

for ages 13-18

**Ready to learn the art of make-up?
Join MUD this summer for one-week intensive
workshops in Beauty & Special Make-up Effects!**

Description

Beauty Workshop

6/24/24 – 6/28/24

Ready to turn your love for all things make-up into a reality? Join MUD this summer for a one-week intensive Beauty workshop where you'll learn the art of make-up artistry, including how to identify skin tones and find the perfect color match for anyone, plus how to correct and conceal while creating make-up looks that are perfect for special events. This fun, glam intensive will build upon techniques used in fashion and editorial with emphasis on smoky eyes, winged liners and more!

Special Make-up Effects Application Techniques Workshop

7/8/24 – 7/12/24

If you can imagine it, we'll teach you how to create it! This workshop places emphasis on out-of-the-kit make-up effects, such as using highlight and shadow to create realistic and interesting character make-ups. We will provide demonstrations and advanced-level instruction on bullet wounds, bleeding effects, bruising, injury and trauma simulations, teeth staining, mouth effects, and more!

*Seats are
limited and
going fast.*

All Workshops:
Monday–Friday,
9am–4pm (1hr lunch)

Cost:
\$850 per workshop
(includes kit)
